Certificate I in Automotive Vocational Preparation

Registered Training Organisation
Number 0857

about US

The Centre for Appropriate Technology Limited (CfAT Ltd) is an Aboriginal and Torres Strait Islander not-for-profit technology innovation company that works across remote Australia.

CfAT Ltd is also a Registered Training Organisation (RTO number 0857) offering nationally recognised certificate courses in Automotive, Construction, Civil Construction, Essential Services, Rural Operations, and Engineering. In addition to the list above we offer short courses in chemical handling, food hygiene, operating vehicles such as a 4WD and operating heavy vehicles.

CfAT Ltd's training programs support Aboriginal and Torres Strait Islander people gain skills and capabilities for employment and career progression.

CfAT Ltd has fully equipped metal, woodwork and automotive workshops at our premises in Alice Springs and deploys well equipped and experienced trainers for programs on communities. On-site accommodation may be available.

about THE COURSE

Entry requirements: This qualification may be accessed by direct entry.

The Certificate I in Automotive Vocational Preparation offers entry-level training for those working or seeking to work in any of the automotive sectors covered by this Training Package such as:

- Bicycle
- Automotive Electrical
- Outdoor Power Equipment
- Light vehicle
- Vehicle Body and Paint – Detailing
- Motorcycle
- Marine
- Heavy Vehicle

They may undertake a range of simple tasks under close supervision. The qualification targets introductory employment, such as induction or probationary periods for automotive retail, service and repair employment. It may also be suitable for a cadetship, or part time and casual employment positions where a full range of skills are not required.

Further training pathways from this qualification include any Certificate II qualification within the AUR Automotive Industry Retail, Service and Repair Training Package or other relevant qualifications.

about FEES

Government subsidies for training programs vary by State and Territory jurisdictions. Government subsidised training places are generally available to those without a qualification up to a Certificate III level especially for those referred through an employment service provider.

There may be subsidies available to employers to support the cost of training their employees.

Employers are usually expected to contribute to the cost of training.
