about US

The Centre for Appropriate Technology Limited (CfAT Ltd) is an Aboriginal and Torres Strait Islander not-for-profit technology innovation company that works across remote Australia.

CfAT Ltd is also a Registered Training Organisation (RTO 0857) offering nationally recognised Certificate courses in Automotive, Construction, Civil Construction, Essential Services, Rural Operations, and Engineering. In addition to the list above we offer short courses in chemical handling, food hygiene, operating vehicles such as 4WD and operating heavy vehicles.

CfAT Ltd training programs support Aboriginal and Torres Strait Islander people gain skills and capabilities for employment and career progression.

CfAT Ltd has fully equipped metal, woodwork and automotive workshops at our premises in Alice Springs and deploys well equipped and experienced trainers for programs on communities. On-site accommodation may be available.

about THE COURSE

Entry requirements: This qualification may be accessed by direct entry.

The Certificate II in Outdoor Power Equipment Technology prepares new employees, or develops existing workers, to perform a limited range of service and repair tasks in the outdoor power equipment industry.

Job outcomes targeted by this qualification include:

- service technicians

This qualification covers the skills and knowledge required to perform a limited range of service and repair tasks on outdoor power equipment. It is suitable for entry into the outdoor power equipment service and repair sector.

Credit may be granted towards this qualification by those who have completed AUR10116 Certificate I in Automotive Vocational Preparation or other relevant qualifications.

Further training pathways from this qualification include AUR30716 Certificate III in Outdoor Power Equipment Technology, AUR31016 Certificate III in Automotive Sales, or other relevant qualifications.

about FEES

Government subsidies for training programs vary by State and Territory jurisdictions. Government subsidised training places are generally available to those without a qualification up to a Certificate III level especially for those referred through an employment service provider.

There may be subsidies available to employers to support the cost of training their employees. Employers are usually expected to contribute to the cost of training.
