Certificate I in Resources and Infrastructure Operations

Registered Training Organisation
Number 0857

about CfAT

The Centre for Appropriate Technology (CfAT Ltd) is an Aboriginal and Torres Strait Islander not-for-profit technology and innovation company that works across remote Australia.

CfAT Ltd is also a Registered Training Organisation (RTO 0857) offering nationally recognised certificate courses in Automotive, Construction, Essential Services, Rural Operations and Engineering. **In addition to the list above we offer short courses in chemical handling, food hygiene and operating vehicles such as a 4WD and heavy vehicles.**

CfAT Ltd's training programs support Aboriginal and Torres Strait Islander people gain skills and capabilities for employment and career progression.

CfAT Ltd has fully equipped metal, woodwork and automotive workshops at our premises in Alice Springs and deploys well equipped and experienced trainers for programs on communities.

about THE COURSE

Entry Requirements: There are no entry requirements for this qualification.

This is an introductory qualification and is designed to raise awareness of the Resources and Infrastructure Industries.

The Certificate I in Resources and Infrastructure Operations is a pathway qualification. There are no specific job outcomes, however; it will prepare an Individual in successfully undertaking a:

- Certificate II and
- Certificate III

from the Resources and Industry Training Package.

This certificate allows individuals to develop basic functional skills and knowledge to prepare for work in the Resources and Infrastructure Industries.

about FEES

Government subsidies for training programs vary by State and Territory jurisdictions. Government subsidised training places are generally available to those without a qualification up to a Certificate III level especially for those referred through an Employment service provider.

There may be subsidies available to employers to support the cost of training to their Employees. Employers are usually expected to contribute to the cost of training.
